EXTERIOR CHANGES

VIVIANO'S

---

The Board reviewed some architectural design changes which occurred during construction. Mr. DeHaan – The applicants and their contractor have chosen to make some design changes that deviate from the drawings previously approved by this Board for the purpose of cost savings. These changes were not coordinated with our office nor were we asked to assist in any redesign. The Board reviewed the revised building elevations submitted by Mr. DeHaan. Mr. Skallerup – It is a shame to lose the parapet detail but I am ok with it. Mr. Lucarelli – I actually like the revision. Mr. Bertolini – I am sorry to lose some of the detail but I am ok with it. Ms. Glazman – Exactly, I agree.

The Board approved of the design change to a previously approved plan.

SIGN APPROVAL

CAPELLI SALON

---

The Board reviewed the sign application for a 12 sq. ft. sign to replace the pre-existing Inkwell sign. The sign and material consists of the following:

- 1) Reclaimed Barnwood
- 2) Lettering – Brushed aluminum plaque with the letters cut out of the brushed aluminum.

The Board approved the sign as presented.

Respectfully submitted;

Maureen J. Evans,  
ARB secretary
