**Re : *Village View Estates Cluster Subdivision  
Conditional Final approval extension request  
KRE Project #04170.0***

Dear Chairman Gallo:

Kindly let this letter serve to request a 180-day extension of the conditional final Site Plan and Subdivision approval for the Village View Estates Cluster Subdivision which was granted by your Board on August 9, 2022.

The Applicant continues the process of securing agency approvals from the Department of Health and the NYS Department of Environmental Conservation. We are also working on the water booster pump station design as well as the design of the Robin Brae pump station improvements. You will recall that in our extension request of June of this year, we anticipated at that time that a further extension would likely be needed.

Please advise if our presence is needed at the Planning Board meeting. If you have any questions, or require any additional materials, please contact this office.

Respectfully,

Kirk Rother, P.E.
