Re: Battery Fire Air Monitoring Synopsis
Convergent Energy & Power's Church Street Battery Storage Facility
28 Church Street
Warwick, NY 10990

INTRODUCTION

On December 19, 2025, a fire occurred at the energy storage developer Convergent Energy & Power's Church Street Battery Storage Facility at 28 Church Street in Warwick, New York. The lithium-ion phosphate battery units on site are intended to supply electrical backup to the grid during peak or emergency energy needs. The Battery Energy Storage System (BESS) facility is at the rear of a commercial business park.

The fire was confined to one container unit. The fire was reported at 10:19 PM on December 19th. The Orange County Hazardous Materials Management (HAZMAT) team began providing continuous air monitoring at 12:27 AM on December 20th. Air monitoring persisted until 2:00 PM on December 22, 2025.

The HAZMAT team continuously monitored the air at 3 locations surrounding the fire in 1-minute increments. The 3 air monitoring sites were at the following locations:

- Warwick Little League Park, 24 Memorial Park Dr, Warwick, NY (approximately 600 feet south of the site)
- Southeast Corner of the Burn Site
- Northeast Corner of the Burn Site

The HAZMAT team measured the concentrations of the following chemicals in the air:

- Carbon Monoxide (CO)
- Hydrogen Cyanide (HCN)
- Ammonia (NH₃)
- Volatile Organic Compounds (VOCs)
- Chlorine (Cl₂)

The maximum concentrations of each of these chemicals are compared to their regulatory limits below. These regulatory limits are from the U.S. Environmental Protection Agency (EPA) and the New York State Department of Environmental Conservation (NYSDEC). Occupational Safety and Health Administration (OSHA) short-term exposure limits have been included if an EPA or NYSDEC regulatory limit is not available for the chemical, but OSHA limits are just for information only as they are designed for workplace air quality (breathing zone of workers), not general ambient air.

AIR MONITORING SYNOPSIS

Below is a synopsis of the highest readings recorded for each chemical. All concentrations are shown in parts per million (ppm). Please note that the maximum concentration did not occur during the entire time periods stated below.

- Maximum Detection: 4 ppm
- Regulatory Limit: 9 ppm (EPA and NYSDEC)
- Timing and Location:

- Timing and Location:
 - Between midnight and 8:00 AM on December 20, 2025, at Warwick Little League Park
 - Between 8:00 PM and 8:00 AM on December 20-21, 2025, at Warwick Little League Park

Ammonia (NH₃)

Dear Mayor Newhard and Honorable Members of the Village Board,

I am writing to respectfully request the use of Veteran's Memorial Park on **Tuesday, August 4, 2026**, for the observance of **National Night Out**, a community-building event that promotes police-community partnerships and neighborhood camaraderie.

National Night Out is a nationwide initiative that aims to enhance relationships between neighbors and law enforcement while fostering a true sense of community. This event has become a cherished tradition in towns and cities across the country, offering families and individuals a safe, positive, and festive environment to connect with local first responders and community organizations.

By hosting National Night Out in Warwick, we hope to:

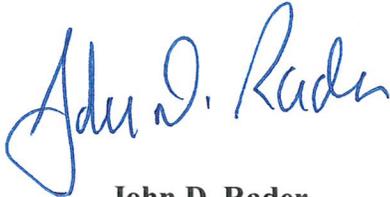

- Strengthen the bond between residents and our local police, fire, and EMS departments.
- Promote public safety and crime prevention awareness.
- Provide free, family-friendly entertainment and activities for all ages.
- Encourage civic engagement and collaboration among community members.

Veteran's Memorial Park is an ideal location due to its accessibility, size, and central location within the village. We anticipate a well-attended event with activities such as safety demonstrations, children's games, food vendors, live music, and informational booths.

We are committed to working closely with the Village of Warwick to ensure all necessary permits, insurance, and logistical requirements are met well in advance of the event date.

Thank you for your time and consideration. We look forward to your support in making National Night Out 2026 a meaningful and memorable evening for the Warwick community.

Sincerely,

Village of Warwick 2024

Warwick St. Patrick's Day Parade Committee

January 2, 2026

Worthy Members of the Warwick Village Board of Trustees,

I am writing this letter, as required, on behalf of the Warwick St. Patrick's Parade Committee to respectfully request your consideration and deliberative permission to grant a permit for a St. Patrick's Parade in the Village of Warwick on March 8, 2026 between the hours of 11:00 am and 1:00 pm.

I am the Chair of the Warwick St. Patrick's Day Parade Committee, as well as the President of Warwick Division 3 of the Ancient Order of Hibernians.

It is our earnest desire to sponsor an orderly, well-managed, and dignified celebration of our shared heritage that is inclusive of and respectful to all.

If granted a permit, the parade would commence from the parking lot of SACH/Mount Alverno Center, proceed south down Main Street/Oakland Avenue to Orchard Street, turn west to Elm Street then north with the parade ending at 16 Elm Street.

I have discussed the potential for such an event with Chief John Rader of the Warwick Police Department. I am confident that this event, with the permission of the Village Board and the professional oversight of the WPD would result in an parade that would be beneficial to the Village and our businesses and celebrate pride and civic-mindedness.

The Parade Committee would ensure that the march would be well ordered and marshalled, that there would be no stoppages along the line of march for anything other than facilitation of pedestrian or vehicular traffic at the direction of the WPD.

I thank you all for your consideration of this request, and look forward to your response.

Thank you,
Respectfully submitted,

Brian E. McCabe
